The following resolution declaring the result of the election was adopted on motion of Blackburn, seconded by Francis:

"Whereas, the Board of Supervisors of the County of San Mateo, State of California, did, by a resolution and order of said Board of Supervisors, call and order to be held in said county, a special election on the eighth day of April, 1913, for the purpose of submitting to the qualified voters and electors of said county the following proposition:

"Proposition to incur an indebtedness of the County of San Mateo, and the issuing of bonds therefor, to the amount of \$1,250,000 for the purpose of building and constructing the roads, bridges and highways of the county. Bonds issued for such purpose shall bear interest at the rate of five per centum per annum, payable semi-annually."

"Whereas, said resolution and order calling and ordering said special election, was duly published as required by law, as appears from the affidavit of J. V. Swift, on file in the office of the county clerk; and

"Whereas, it appears that said special election was duly held in accordance with law and with said order, on the eighth day of April, 1913, as aforesaid, and that the polls for said election were kept open during the time required by law and that the same was held and conducted, and the votes thereat received and canvassed, and the returns thereof ascertained, determined and declared, all as herein provided and according to the laws of the State of California; and

"Whereas, thereafter, to-wit, on Monday, the fourteenth day of April, 1913, the said Board of Supervisors of said county did meet at its usual place of meeting and proceeded to canvass the returns of said special election as required by law; and the result of said canvass having been found as hereinafter stated and set forth, it is hereby

"Resolved, determined and declared as follows:

"1. That the whole number of votes cast at said special election was 5281.

"2. That the names, numbers and boundaries of the several election precincts within said county established for the purpose of holding said special election, were the same as heretofore established by said Board of Supervisors by Ordinance No. 243 of said board, adopted June 5, 1911, and amended by Ordinance No. 249 of said board, adopted September 6, 1911.

"That the total number of votes cast thereat for and in favor of said proposition in all of said precincts was 411; that the total number of votes cast thereat against said proposition in all of said precincts was 1047; and that whereas it is apparent therefrom that more than two-thirds of all the votes cast thereat were in favor of a bonded debt for the purpose set forth in said proposition.

"It is hereby further resolved and declared, that more than two-thirds

of all the voters voting in said special election voted in favor of the aforesaid proposition and did thereby authorize the incurring of a bonded debt to the amount of and for the purpose stated in said proposition, and that therefore bonds will be issued to defray the cost of the improvements specified in said proposition to the amount stated therein."

Surveyor Neuman announced that there would be a meeting of the advisory committee of the board at the Phelan building in San Francisco Monday afternoon, at which the board was invited to be present. The invitation was accepted on motion of Casey, seconded by Francis.

On motion of Blackburn, seconded by Casey, a resolution addressed to the Railroad Commission was adopted, asking that Holly street at San Carlos be opened across the tracks of the Southern Pacific Company to connect with the County road.

District Attorney Swart stated that the Railroad Commission had taken the attitude that in order to open Sylvan avenue and Scott street across the railroad tracks at San Bruno, an easement would first have to be secured from the railroad company. The law as he understood it placed the matter in the hands of the commission. As the crossings were very necessary he would again take the matter up with the commission, hoping to secure favorable action by that body.

R. F. Chilcott called the board's attention to a bill that is before the legislature providing for the annexation of the whole or a part of San Mateo county by San Francisco. He also read a communication from Assemblyman Brown, asking that a committee of citizens come to Sacramento to argue against certain objectionable features contained in the bill.

It was ordered on motion of MacBain, seconded by Francis, that a committee of ten be appointed by the chairman to go to Sacramento and urge the passage of a bill that would be acceptable to this county.

On motion of MacBain, seconded by Francis, the board's action at the last meeting in passing the claims of D. Fraser and A. Mayer of the Third township, for \$7.50 and \$66 respectively, was rescinded as the claims were included in those that overdrove last year's apportionment of the Third township.

A communication was received from the Italian Cemetery Association of the First township complaining that it had been unable to secure telephone service, although it had several times made applications for it.

The communication was ordered forwarded to the telephone company on motion of Casey, seconded by MacBain.

The sale of the County farm property was taken up. Francis moved that the board rescind its action in ordering the property sold at public auction and that sealed bids be received for its purchase. A vote was taken and the motion was declared lost, Casey and Francis voting in the affirmative, Brown and MacBain voting in the negative, and Blackburn declining to vote.

The district attorney informed the board that it might receive bids and if they were not satisfactory they might reject them.

Casey objected to the sale of the property until it was first ascertained at what cost a new site could be secured and new buildings erected. He believed that a sufficient sum should be realized from the sale of the property to provide a new hospital.

Bids were called for and Edw. F. Fitzpatrick, representing W. B. Bourne, made a tender of \$20,000. There were no other bids and that of Mr. Fitzpatrick was taken under consideration. Mr. Fitzpatrick presented a check for \$20,000, representing 10 per cent of his bid.

On motion of MacBain, seconded by Blackburn, Brown was authorized to purchase 641 feet of 10-inch culvert pipe for use in his district.

FREE HOME INDUSTRY TALK MONDAY NIGHT AT BELL

Next Monday evening at the Bell theatre, Redwood City will receive a visit from a lecture tour sent out by the Home Industry League of California. The program will be made up of moving pictures and slides illustrating the industries of this state in a most vivid and trustworthy manner. The aims and character of the Home Industry League will be set forth by an entertaining and forceful lecturer, Mr. Geo. D. Baird, who will also make appropriate comments of an interesting nature while the reels and slides are being flashed on the canvas. This gives the human touch to the passing show that adds to the absorbing interest. Thus the ear and eye are at once entertained and instructed. The exhibit will be given without charge by the Redwood City Merchants' Board of Trade and Home Industry League for the purpose of educating the people of California on the desirability of sustaining the manufacturers of the state by patronizing them at every opportunity.

BASEBALL SEASON OPENS WITH VICTORY FOR LOCALS

Redwood City opened its baseball season last Sunday by defeating the J. H. Kruse of San Francisco by a score of 10 to 3. The features of the game were the pitching of Keating and the catching of Muller. The hitting of the home team was sensational, all of the boys getting one or more hits. Redwood certainly has a good baseball team this year and it can be depended on to furnish plenty of excitement before the season ends. Next Sunday the boys will clash with the Barney Frankels. This is a fast team and a good game is looked for.

End of the Mosquito Pest.

"Let us spray, that the mosquito pest may be exterminated," said the city officials. And right thoroughly has the work been done. The whole half of the peninsula, wherever the mosquito has made his habitat, has been literally soaked with crude oil and this year ought to be a period of peace for the people, at least as far as this troublesome insect is concerned.

For the past two months Street Superintendent Dickey has had a force of men at work and all of the reclaimed land about the city has been thoroughly drained. A pump having a capacity of 70,000 gallons an hour has been kept constantly at work and countless gallons of stagnant water have been pumped into the tidewater streams.

When this work was completed all of the ponds and crevices were generously sprayed with oil. Not only has the marsh been given attention but every pond or water catch in and about town has been treated in the same manner and there should be no mosquitoes this year. The work has cost a lot of money, but the money has been well spent.

Boys' Club Defeats Belmont

In one of the best games of the season, the Redwood Boys' Club defeated Reid's school at Belmont last Saturday by a score of 5 to 4. The masterly pitching of Chaves was, besides smashing out a double, and striking out seven he allowed but five hits and one walk. In the last half of the ninth, with men on second and third, and one out, he fanned the next two Belmont batters. Koop of the Boys' club secured two hits, one a double. Up to the fifth the score was nothing up, when a walk followed by two doubles, scored two runs for the locals. The catching of Lamb and the playing of Cochrane were also good.

The Boys' Club has been putting up a high grade of ball and is deserving of strong support of all who like a good, fast, clean game. Next Sunday, at 10 a. m., they will play the F. of A. a second game. An admission of 10c will be charged to meet expenses.

LOCAL NEWS NOTES.

Miss Muller of San Francisco is passing the week as the guest of Mr. and Mrs. L. P. Behrens.

Mrs. George Leary entertained about twelve of her friends at her home Thursday evening. The hostess took occasion to introduce Miss Hazel Abell, substitute teacher in the grammar school, to her acquaintances. The evening was pleasantly spent in the enjoyment of numerous musical numbers arranged for the event. Dainty refreshments were served by the hostess.

County Superintendent of Schools Roy W. Cloud is preparing plans for the county school trustees institute which will be held in the San Mateo high school building May 10, 1913. One representative from each school district is required to attend this meeting. The session last year was conducted of much good and a large attendance is looked for at this meeting.

W. H. Hanson and wife moved down from the city during the week and have opened their home on Arguello street. They spent the winter at the St. Francis. Mr. Hanson has sold his launch, La Ola, that has been in winter quarters here, to Mr. Hawkins, manager of the Gas Engine Company. Mr. Hanson is shortly to construct another launch of vast proportions and will join the local mosquito fleet.

On Monday and Tuesday evenings at the Bell Theatre there will be shown as the star attraction a splendid two reel portrayal of western frontier days, based upon historical incidents, "The Last Blockhouse." This is an unusually strong story of the incidents of frontier life. This evening the leading feature will be "The Millionaire Cowboy," a brilliant comedy which smacks of the clean humor of the frontier plains, also a two reel production. The usual prices will be in force.

The committee having in charge the arrangements for the annual picnic of Bay View Lodge, I. O. O. F. desire all those who are going, to purchase their tickets on or before April 25. By doing this they will be assured of seats on the train. The picnic will take place at Fernbrook Park, Niles Canyon. The train leaves Redwood City at 9 o'clock and arrives at the park at 10 a. m. Returning the train leaves at 4 sharp. From the present indications the excursion will be largely attended.

Mr. and Mrs. Henry Michael will depart next week for Buffalo, New York. Mr. and Mrs. Michael were raised on adjoining farms just outside of the City of Buffalo. They will spend three months visiting the scenes of their youth. Mrs. Michael's mother still resides on the old farm and it is 37 years since she last saw her daughter, so that the meeting will be a joyous one. Mr. Michael's brothers are also living in that locality. The visitors are certain to have a delightful time at the old home.

Jerusha Jane Juddins is the name of a maiden lady who has taken a walk from the Bowery and made a home for her. That Jerusha is still a spinster is from choice for she has two men of the community very desirous of having her. This part is well taken by Grace Steinberger who, though not having had much experience before the public, handles the role very creditably. "The Parson," the high school play, promises to be thoroughly entertaining. Two weeks from last night.

The attractive sign on the front window of the Redwood City Realty Company's new office in the Sequoia Hotel building is calling forth expressions of admiration. A beautiful sequoia tree is artistically painted and with its drooping branches presents a most attractive picture. The company will occupy its new office today. The office on Wenslow street will be maintained as a branch. Owing to the increasing business of the company the office force will be increased. The announcement of the new appointments will be made next week.

Fred Vallejo, the motorcycle cop of Halfmoon Bay, was seriously injured on the county road near this city last Wednesday. He was chasing an automobile from San Mateo and when near the Five Points the hind tire of his motorcycle blew out. He was thrown to the ground and for some time remained unconscious, when James Logan came to his assistance. The officer was taken in an automobile to his home. Besides sustaining several bad bruises, it is feared his right arm has been fractured. The party he was after escaped but the officer has his number and he will be apprehended.

At the morning services at the Methodist church next Sunday the pastor will have for his subject, "Omnipresence of God." The junior choir will furnish the music. At the 8 o'clock evening service there will be a reception lecture on "The Epworth League Institute at Beautiful Mount Hermon," by Charles S. Canfield, president of the California Conference Epworth League. Two gospel songs will be illustrated by the stereopticon at this service. The Sunday school will meet at 10 a. m. At 7:15 p. m. the young people will meet. Sunday school at 10 a. m. All are welcome.

Henry Gould, one of the incorporators of Redwood City who died in Oakland last Saturday, was one of the early pioneers of this city, having resided here in 1850. He was well-known to all the old settlers of the county. Eighty-two years ago Gould was born in Connecticut when he engaged in mining enter-

and migrated to this state in 1849, prizes. He successfully followed the hotel, boating and ware-house business. In Oakland he founded the Encinal mills. The deceased is survived by three sons, Jesse, Abram, William and Charles Gould, and two daughters, Mrs. Charles Koch and Mrs. Fred Koch.

NEWS GATHERED FROM THE COUNTY

Interesting Notes Picked Up By Hustling Reporters in the Country Districts.

SAN BRUNO NOTES.

Next Thursday night Carpenters hall should be crowded by the residents of San Bruno. Prominent men have been invited to attend and answer questions pertaining to incorporation. If any person is skeptical or does not fully understand this important progressive movement it is an opportunity afforded for their enlightenment. The time has come when San Bruno must either retrograde or go forward and join the ranks of other progressives. This is not the time to stand still or falter in an effort to clinch the hill of progress. Let no one be deterred on account of cost or an advance in taxes. It is a well known fact that incorporated towns have a much lower rate of taxation than an unincorporated town. The money we pay now is taken from us and used for other purposes. But under incorporation the money will be kept in San Bruno. To do this is business and common sense. Under incorporation the money spent judiciously will convert San Bruno into a beautiful town for its topography and geographical location is conceded by visitors and close observers to have a wonderful future if the residents are equal to the occasion. To allow it to remain in its undeveloped state is a grave mistake and this fact will come home to us as other towns with local government will expand with leaps and bounds while San Bruno will be overlooked as offering no inducement to home builders. The home builders of moderate means will soon be in the market looking for suitable locations that are attractive. At present San Bruno may not appeal to them. With incorporation and the expenditure of the \$7000 or more which is now paid in dividends in different county funds will remain here and can be employed to make the town more attractive. Be a booster and attend the mass meeting, ask questions that are not understood, or write your questions and hand them in and it answered satisfactorily work for the advancement of the town.

The volunteer fire department will give a dance Saturday, May 3d. The dances given by the department are quite popular and their reputation being established is a guarantee for an enjoyable night. Robbers have been quite frequent of late it behooves people at the present time to watch their homes for it makes little difference with the intruders whether it is day or night, for under present conditions they feel perfectly safe from police interference. Custodians saloon was entered last week and the cash register rewarded their efforts with \$4.00 in small change. Entrance was effected by unlocking the door with a skeleton key. Last Tuesday a lock on a freight car was broken and a barrel of whiskey stolen. During the week J. B. Garrett's house was entered and \$200 of valuables taken. Several other thefts occurred but as the losses were small no mention was made.

L. P. BEHRENS WILL BE HEAD STATE BANKERS ASSOCIATION

The following item appears in yesterday's Examiner, which is correct in every particular: L. P. Behrens, San Mateo county's leading banker, head of two financial institutions of Redwood City, will be singularly honored by State financiers as president of the California Bankers' Association, which meets in annual convention next month in San Diego. Behrens is the vice-president of the association. More than 525 banks will be represented at the convention, which is scheduled to elevate the Redwood City banker to the highest office in the organization. Behrens will be the first San Mateo man in that office. As chairman of the advisory roads committee, Behrens did effective work in boosting the \$1,250,000 bond issue, which carried by an overwhelming majority. He is a member of the Board of Governors of the San Mateo County Development Association, which succeeded in reducing railroad fares down the peninsula.

Eagles Hold Memorial.

The Eagles of the Fraternal Order of Eagles located in the northern end of San Mateo county are fully alive to the real interests of Eagleland, and to their honor it may be said they take the serious side of the principles they profess. The joint memorial service held by South City Aerie No. 1473 and Colman Vista Grande Aerie No. 1848 last Sunday was one to be remembered. It was a remarkable gathering. Halfmoon Bay, Redwood City and San Mateo sent their representatives, some of whom took part in the service. The stage was beautifully decorated with flowers and emblems of the Order, while the subdued lighting added to the solemnity of the scene. The program was a splendid one, commencing with a piano solo by E. Laeyenbach. W. J. Martin delivered the opening address, which was the keynote of the service, Faith, Hope and Charity being the central points around which were gathered the principles for which Eagleland is noted. The oration by Stephen Costello was a brilliant deliverance, logical, forceful, eloquent and touching. The memorial by State Secretary Gustave Pohlman, assisted by San Mateo Aerie drill team, was an impressive ceremony. The singing was of the high order throughout. The exercises closed with the singing of "Near My God to Thee" by the audience, and the benediction by Rev. M. J. Williams. Next year the joint memorial service will be held at Colma.

Society Favorite Married.

The marriage of Miss Belle Jane Brittan, society favorite of San Francisco and Redwood City was solemnized at high noon Wednesday in the Fairmont hotel. Rev. Charles F. Aked officiated at the impressive ceremony, which was attended by only the immediate relatives of the contracting parties. Miss M. B. Brittan gave her niece into the bridegroom's keeping. Among those who attended the wedding were Mr. and Mrs. F. E. Kendall, Mr. and Mrs. E. W. Hewson, Judge and Mrs. J. M. Trout, Mrs. Towle, Miss M. B. Brittan, Miss Adele Martel and Mr. Chas. P. The bridegroom is a son of San Carlos, which comprises 500 acres of richly wooded land, is considered one of the most picturesque in San Mateo county. COUNCIL INSISTS ON MODERN SIDEWALKS

Trustees go on Record as Opposed to Slipshod Methods of Street Improvement

The adjourned session of the city council Wednesday evening, at which all of the Trustees were present, was an unusually busy one, the meeting continuing until a late hour. While the primary reason for the meeting was the consideration of street work, several items of important business were disposed of. Evidently attracted by personal interests in the contemplated work, the lobby was well filled with spectators.

In a communication from Mrs. J. N. Winter, its secretary, the chairman of the local Red Cross Chapter was tendered for the donation of city funds to the flood sufferers. A communication from Dr. N. C. Cummings raised a point which the Trustees found difficult of solution. Dr. Cummings, who is the owner of a piece of property at the corner of Stambaugh and Chestnut streets, entered a protest against the expressed intention of the council to order the laying of sewers in that section at private expense. While conceding that in his own case the laying of a sewer past his property on Chestnut street would involve a useless expense, as unnecessary, the perplexing general point raised was that property owners in that section had been compelled to pay taxes on account of the sewer bond issue by the city some years ago and cost of the present sewer system having borne their proportion of the expense of that section constructed at the expense of the city. While seemingly in doubt as to the legal right of the council to order the work done at the cost of owners of property in the district included in the bonded district. That this procedure was at least unjust was admitted generally by the trustees. Chairman Hynding suggested that it had always been his opinion that this work should be done at general expense. That justice might be done to all concerned, the city attorney was directed to investigate the legal aspect of the case, especially with reference to the extent of work contemplated at the time of the bond issue and to report the facts at the next meeting.

A written application was presented from the Hostman Chemical Co. for permission to extend their spur track across Buckeye street. The application was granted with the reservation that the permit should be revoked at the option of the council and that owners of property east of Buckeye street should have the right to connect with the track.

The street committee reported that after an investigation of the condition of macadam sidewalks in the proposed improvement district it was of the opinion that artificial stone walks should be insisted upon over the entire district. As a ground for the decision it was stated that practically none of the present walks were in what was considered acceptable condition. In the opinion of the committee it would not be economy on the part of the individual owner to allow these walks to remain while it would result in a decidedly unfavorable appearance for the city. The report of the committee was accepted and a decision made to proceed with the work as originally planned. With this view, the action taken at the last meeting excepting portion of Jackson and Franklin streets was rescinded.

Street Superintendent Dickey was given authority to remove the growth of mistletoe from trees on the public streets. On the motion of Trustee Hahle Street Superintendent Dickey was instructed to prepare plans and secure bids for the construction of a fence on the northern side of the Broadway bridge with the idea of concealing the unattractive appearance of the creek at that point. In the same connection it was suggested that some means should be taken to relieve the section from the nuisance of the unpleasant odor which arises from the creek, and at the suggestion of Trustee Sampson it was ordered that the creek be flushed by the operation of a week, the work to be done by a street superintendent and night watchman, as conditions of the tide may require.

While this subject was under consideration, Chairman Merrill suggested that the Government authorities be petitioned to abandon that portion of the creek between the two bridges as a navigable stream, in which event the property would revert to private owners who could then either take some steps for the improvement of the property or surrender claim to the city. Should this be done, permanent improvements might be made.

Resolutions of intention were adopted, preliminary to the ordering of construction of curbs and sidewalks in the proposed improvement districts. The city attorney was directed to consult with the district attorney and ascertain what legal steps were desired for the surrender of roadway jurisdiction over the County road within the city limits, preparatory to construction work by the company.

Mrs. Edith Packard, her niece, Miss Helen Alford and her nephew, Eric Alford of San Gregorio were here yesterday bidding farewell to friends. They depart next week for Europe. Mrs. Packard will visit her old home in England, calling on friends of her youth and meeting relatives. The party will remain about six months abroad. Mrs. Packard will again open her home in San Gregorio on her return.

The dog has a habit of barking at strangers when they pass the hotel and perhaps the party doing the shooting became alarmed and believing himself in imminent danger fired. Teddy, like the man whose name he bears, is a bluffer, and would not injure anyone, however, he will be compelled to do his bluffing on three legs for some time to come.

FRAIL, SICKLY CHILD

Restored to Health by Vinol—Letter to Mothers.
Anxious mothers often wonder why their children are so pale, thin and nervous and have so little appetite. For the benefit of such mothers in this vicinity we publish the following letter.
J. Edmund Miller, New Haven, Conn., says: "My little daughter, ever since her birth, had been frail and sickly, and was a constant source of worry. Several months ago we commenced to give her Vinol. I immediately noted an improvement in her health and appearance. I gave her three bottles of Vinol, and from the good it has done her I can truly say it will do all you claim."
This child's recovery was due to the combined action of the medicinal elements extracted from cods' livers, combined with the blood-making and strength-creating properties of tonic iron, which are contained in Vinol.
Vinol will build up and strengthen delicate children, old people and the weak, run-down and debilitated. We return the money in every case where it fails.

PROMISE TO AMEND ANNEXATION BILL

SACRAMENTO, April 15.—A delegation of San Mateo county business men appeared before the Assembly Committee on Constitutional Amendments this afternoon to protest against the form of the constitutional amendment that has for its object the annexation by San Francisco of a portion of San Mateo county. The majority of the San Mateo delegates here today are in favor of annexation, if it must come, but not under the conditions provided in the Finn constitutional amendment that passed the Senate last week without opposition, and is now before the Assembly.
The delegates say that San Mateo must be annexed to San Francisco as a whole, or not at all. Also they claim they were given to understand that a borough form of government would be given them. The amendment merely says it may be given. They insist that the amendment must say the borough system of government shall be given. Those who appeared before the committee for San Mateo were: District Attorney Franklin Swart, W. H. Brown, S. D. Merk, J. P. Johnston, A. D. Walsh, R. F. Chilcott, H. O. Heiner, J. L. Brown, Jas. T. Casey, M. B. Johnson, W. H. Coffinberry and F. A. Cunningham.
Assemblyman Henry Ward Brown of the county also spoke for them. It was decided that a sub-committee set together with Senator Finn and Assemblyman Brown and make the amendments that will be agreeable to the San Mateo and San Francisco residents. With those amendments the constitutional amendment will undoubtedly be submitted to the people.

ASSESSOR'S INSTRUCTIONS

To Owners of Real Estate and Personal Property.
The law requires each and every person who owns any class of property to annually, during the month of April, or May, file a statement with the Assessor of his duty in the county where his property is located. You should give a statement of all property owned by you on the first Monday in March, 1913, at 12 o'clock noon.
No change can be made by the Assessor after he turns over his books to the Board of Supervisors on the first Monday in July. The Board then sits as a Board of Equalization during the month of July.
Remember, if you fail to give in your assessment you fail to comply with the law and may cause yourself, the Assessor and next Collector much trouble, and very likely cause yourself expense.
It is much more satisfactory to the Assessor, as well as to yourself, to have your assessment correct when you go to pay your taxes.
C. D. HAYWARD, Assessor San Mateo County.
